President's MESSAGE

Dear Rotaractors,

As we bring the curtains down on what has been a truly remarkable Rotaract year, I am both honored and emotional to reflect on the final quarter of our journey together. This period has been one of consolidation, celebration, and legacy-building — a true testament to the power of consistent, purposeful service and collaborative leadership.

Over the past few months, our members worked tirelessly to ensure that each avenue of service contributed meaningfully to our collective goals. Through Club Service, we fostered a sense of belonging, camaraderie, and mutual support. Our Community and Environmental Service initiatives addressed critical social and ecological needs, enabling us to drive sustainable change and uplift communities. Professional Development initiatives equipped members with essential skills and confidence to take on future leadership roles.

International Services extended our hands in friendship and collaboration across borders, reinforcing our belief in the global power of Rotaract. Meanwhile, our IT Services team ensured seamless execution through innovation and tech support, and our PR & Editorial team creatively communicated our story to the world, preserving our legacy and amplifying our reach.

The final quarter also brought with it moments of recognition and pride. We were honored at the UGRAM Awards with the title of Most Inspiring Initiative, a testament to the heart and soul poured into our work. Additionally, our nomination for the People's Choice Award at the ROAR Awards reaffirmed that our impact resonated far beyond our immediate circle. These international recognitions were not just accolades but a reflection of the collective spirit, innovation, and service excellence demonstrated by every member of our club.

This success would not have been possible without the tireless efforts of our general membership. Your enthusiasm, commitment, and initiative brought our vision to life. You are and will always remain the driving force and strength behind every achievement.

As we close this chapter and look ahead, I am filled with pride in what we have built and the legacy we leave behind. I am confident that the spirit of service, leadership, and fellowship will continue to guide this club in the years to come.

Together, we served today, and we inspired tomorrow.

Yours in service,

Rtr. Hiruni Perera,
President 2024-25,
Rotaract Club of University of Moratuwa.

Secretary's MESSAGE

"Every good thing has to come to an end." As we near the close of another remarkable Rotaract year, I find myself reflecting on a journey filled with purpose, impact, and unforgettable memories.

Serving as the Secretary of the Rotaract Club of University of Moratuwa during the RI Year 2024–25 has truly been an honor that has offered me both immense joy and a deep sense of fulfillment.

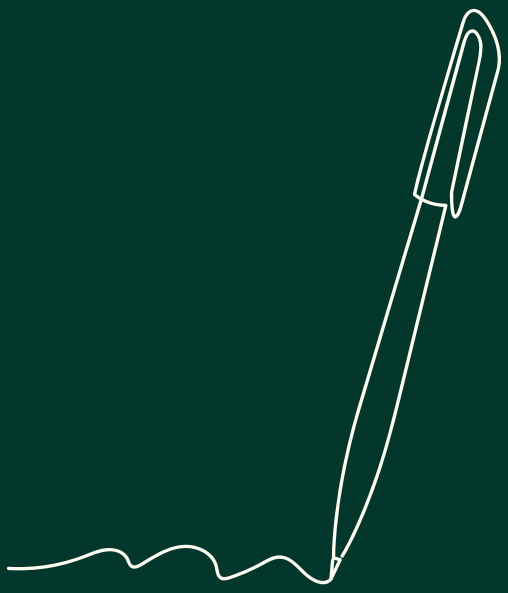

Throughout the year, our club remained steadfast in its mission to uplift communities, empower individuals, and contribute meaningfully to environmental wellbeing. From initiatives in community development and professional growth to projects focused on sustainability and innovation, we remained committed to creating positive change. With 53 major projects and numerous sub-initiatives across our 10 avenues, Rotaract Mora once again proved its dedication to impactful service and lasting legacy.

What stands out most to me, however, is the unwavering spirit of our members. Their passion, dedication, and selfless contribution of time and energy are the true driving forces behind everything we've achieved. It's this spirit that has continuously shaped Rotaract Mora into the dynamic and vibrant club it is today.

As we close this chapter, I feel both humble and grateful. Staying true to our theme, "Serving Today, Inspiring Tomorrow," I believe we've not only served to the best of our abilities but have also laid the foundation for others to follow. The work we've done together has touched lives, nurtured growth, and made our world a little better, and that is something to be deeply proud of.

Here's to the power of service, to shared dreams, and to the many tomorrows we will continue to inspire.

Rtr. Brinstan Peries,
Secretary RI Year 2024-25,
Rotaract Club of University of Moratuwa.

From EDITORS

We are incredibly pleased and honoured to publish the fourth quarter newsletter of Rotaract Club of University Moratuwa for the RI year 2024–2025.

This quarter has been outstanding, and our members have continued to exemplify the values of excellence in service and collaboration. We have devoted many hours to advancing meaningful projects that have a long-lasting effect on our university and the larger community.

This edition captures the essence of our collective journey, celebrating moments of impactful volunteering, personal growth, and shared camaraderie. It stands as a testament to the incredible outcomes we achieve when united by a common passion to make a meaningful difference in the lives of others. Highlighting some of the club's key milestones, this edition showcases our dedication to fostering growth, building connections, and driving service excellence.

.

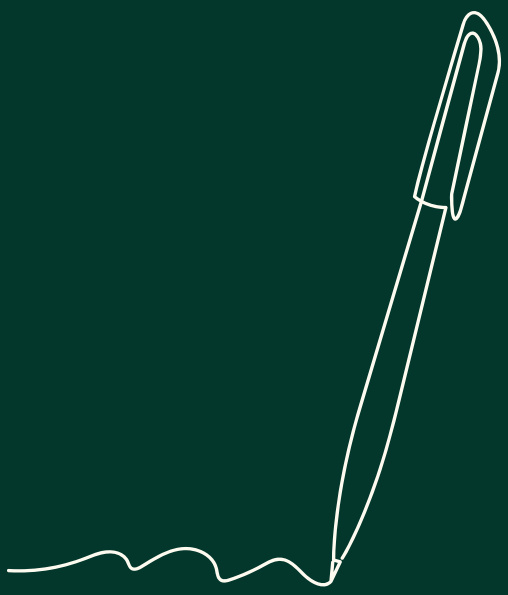

Rotaract Club of University of Moratuwa has demonstrated its commitment to community development through impactful initiatives like RacKonnect and Hand in Hand . While Manusath Handa dedicated to uplifting visually impaired students by providing them with educational resources,primarily audiobooks,that bridge the gap between them and their sighted peers, ensuring equal access to knowledge, Punchi Rasata - Rasa Padamata aimed at providing both nourishment and joy to the children of the LOLC Child Care Center.

We extend our heartfelt gratitude to our members, alumni, and supporters who have made these achievements possible. Your unwavering dedication and enthusiasm fuel our mission to create lasting change. As we look ahead, we are filled with excitement for the projects and opportunities yet to come.

Thank you for being an integral part of this incredible journey.

Rtr.Thiyara Ranasinghe,
Rtr. Varun Poobalaraja ,
Rtr. Teshadi Senanayake ,
Editors 2024-25 ,
Rotaract Club of University of Moratuwa.

CLUB

SERVICE

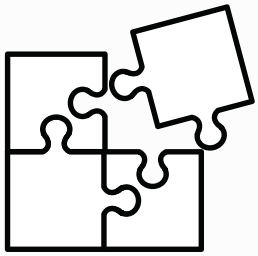

RacKonnect

RacKonnect 2024/25, organised by the Club Service Avenue of Rotaract Mora, was a three-phased initiative to strengthen internal bonds among the Board of Directors. Thoughtfully curated to encourage fellowship beyond formal responsibilities, the project offered a mix of fun, teamwork, and unforgettable memories.

The first two phases, under the banner of InterKonnect, were held right after the club's General Meetings to ensure maximum participation. Phase 01, held in October at ENTC Hall 01, featured the popular game Mafia, sparking strategic thinking, laughter, and spirited debates. Phase 02, in March at the IT Auditorium, focused on team-building with games like Human Knot and Charades with a Twist, bringing out trust, communication, and cooperation among board members.

The highlight of RacKonnect was undoubtedly TrekKonnect, a two-day adventure that transported the board members into the serene hills of Sri Lanka. Starting with a peaceful visit to the Saman Devalaya in Ratnapura, the journey led them to the scenic Bambarakanda Forest Inn, where nature's calm met with celebration and togetherness. From impromptu birthday surprises and a cozy rain-soaked lunch to breathtaking views of Bambarakanda Falls and a spirited barbeque night under the stars, the trip was filled with unforgettable moments that deepened bonds beyond titles and roles.

ENJOY EVERY MOMENT OF YOUR LIFE

Culminating with a surprise kayaking session at Samanalawewa Reservoir and joyful reflections on the return journey, RacKonnect was more than just a series of events — it was a heartfelt journey into friendship, resilience, and connection. The initiative succeeded in its mission to strengthen the internal fabric of the club, leaving board members refreshed, united, and motivated for the months ahead. RacKonnect 2024/25 truly exemplified the spirit of fellowship that defines Rotaract Mora.

Cast 4

Rotaract Club of University of Moratuwa celebrated the culmination of its comprehensive orientation program, "Rota Spark," with Cast 4, a vibrant and elegant evening held on May 14th, 2025, at Lagaan.

This much-anticipated event served as a colorful and beautifully organized extension of "Rota Spark," meticulously put together by the dedicated chairs and organizing committee. The night was filled with engaging fun games, creating a lively and interactive atmosphere for all attendees.

The highlight of the evening was the eagerly awaited announcement of the winners of "Rota Spark" and its various competitions.

The triumphant team crowned as the overall champions of Rota Spark was none other than 'Avengers,' marking a memorable end to their orientation journey.

Kowul Wasanthaya

Rotaract Club of the University of Moratuwa proudly hosted Kowul Wasanthaya 2025 on May 1st at the Boatyard premises, celebrating the Sinhala and Tamil New Year in grand style. The event brought together students from all faculties, with a special focus on welcoming the newest (24th) batch of undergraduates.

Spearheaded by chairpersons Rtr. Yasath Hansaja, Rtr. Ravindu Pathirana, and Rtr. Geethma Godakanda, the planning began weeks in advance, supported by Club Service Directors. Over 70 enthusiastic students joined the organizing committee, forming sub-teams for games, cultural events, decorations, and partnerships.

On the day of the event, students gathered in the true spirit of the New Year. The morning featured traditional customs such as oil lamp and hearth lighting, followed by a food-sharing session and lively musical performances.

The excitement continued with traditional Avurudu games like tug-of-war, pot-breaking, and yoghurt-eating contests, bringing laughter and camaraderie. The highlight of the day was the much-anticipated Awurudu Kumara & Kumariya pageant, which saw 35 enthusiastic participants take the stage in celebration of beauty, tradition, and charm.

Kowul Wasanthaya 2025 concluded on a high note, leaving lasting memories in the hearts of all who took part. The seamless execution, lively participation, and rich cultural essence made it a standout celebration of the Sinhala and Tamil New Year. It not only upheld cherished traditions but also fostered a sense of togetherness and pride within university, marking the event as a true success in the Rotaract Mora calendar.

COMMUNITY

SERVICE

COMMUNITY SERVICE

Hand in Hand

Rotaract Club of University of Moratuwa has demonstrated its unwavering commitment to community well-being through "Hand in Hand 24/25." This project is a heartfelt initiative dedicated to supporting cancer patients and championing vital cancer awareness across Sri Lanka. This year-long endeavor has seen our Rotaractors engage in a diverse array of activities, truly embodying the spirit of service and hope.

Breast Cancer Awareness

The online Breast Cancer Awareness Session was a crucial early component of the project. Held in October 2024 during Pink Ribbon Month, this expert-led virtual session provided vital insights into breast cancer. It covered symptoms, risk factors, and the critical importance of early detection, empowering participants with knowledge that could save lives. This session served as a cornerstone for the club's broader awareness efforts throughout the project year.

WristBand & Stickers Campaign

Beyond the large BMICH festivals, the club also ran dedicated Wristband and Sticker Selling Campaigns to broaden its fundraising reach. These initiatives involved engaging supporters through both physical stalls set up within the university and strategic online outreach, making it convenient for more people to contribute. By offering uniquely designed wristbands and stickers, the club provided tangible symbols of support for the cause, effectively engaging a wider community of undergraduates and the public.

T-Shirt Campaign

The T-Shirt Campaign offered a unique way for supporters to show their solidarity while contributing to the cause. After carefully selecting a compelling design and quality material, the club launched pre-orders from the university community starting April 1st, 2025. This effort successfully garnered a lot of pre-orders, initiating the next steps in production and delivery, and allowing individuals to visibly support the fight against cancer.

Colors

In a heartwarming display of direct patient support, The Colors Project was completed on February 21st, 2025, at the CCC House, Maharagama. This initiative focused specifically on bringing joy, hope, and emotional upliftment to children bravely battling cancer. Rotaractors dedicated their time to creating a supportive and cheerful environment, providing moments of happiness and distraction that brightened the lives of these young warriors.

Sago Donation

Demonstrating immediate, compassionate care, "Hand in Hand" conducted a Sago Donation project at Apeksha Hospital, Maharagama, on April 12th, 2025. The club's team carefully prepared and delivered sago, a soft and nutritious food item particularly beneficial for patients undergoing treatment. This simple act of giving aimed to provide comfort, love, and strength, bringing a moment of relief and happiness to patients and their families.

Cancer Awareness Campaign

Expanding its vital mission of public education, the Cancer Awareness Campaign '25 was a pivotal sub-project. This comprehensive initiative utilized an eight-video series distributed widely across major social media platforms. Each video focused on key cancer types such as breast, lung, and blood cancer, delivering clear, medically supported information on causes, symptoms, and prevention, empowering viewers to be proactive about their health.

Final Donation

The culmination of the club's collective efforts in "Hand in Hand 24/25" was marked by a final major donation made at the end of May 2025. On May 25th, 2025, after exploring options, the club proudly donated essential medical equipment including a Syringe Pump, Accoson BP Monitor, and Pulse Oximeter, along with various other crucial medicines, to the National Hospital, Galle.

This significant contribution, valued at nearly Rs. 260,000, was a tangible testament to the project's success and the club's commitment to directly enhancing patient care.

Through these dedicated sub-projects, "Hand in Hand 24/25" has provided tangible support, raised vital awareness, and fostered hope in the ongoing fight against cancer. The commitment and hard work of every Rotaractor truly made a profound difference this year.

Nena Aruna

The Nena Aruna 24/25 initiative has successfully provided comprehensive academic and motivational support to over 3,000 Ordinary Level (O/L) students across 51 schools in 10 districts throughout Sri Lanka. Initially conceived as physical seminars, the program swiftly adapted to an online platform, significantly expanding its reach and impact.

Online Kuppiya

The project began with two highly successful physical paper discussion sessions at Prince of Wales' College, Colombo, and Peellawatta David De Silva Kanishta Vidyalaya, Gampaha, on January 3rd and 9th, 2025, respectively. Building on this momentum, the program launched "Nena Aruna Online Kuppiya," featuring 25 online sessions for Mathematics and Science.

This digital shift allowed students from all geographical locations to access high-quality study support and interactive Q&A sessions, overcoming previous physical limitations.

Hari Paara

A crucial final sub-phase, "Hari Paara," involved seven sessions designed to guide students in their Advanced Level (A/L) subject selection and future career planning. These sessions integrated expert lectures, interactive discussions, and personal counseling, empowering students to make informed decisions about their academic and professional paths.

A key to Nena Aruna's success was the commitment of its undergraduate tutors from the University of Moratuwa. Their relatable experiences and innovative teaching methods, including quizzes, games, and motivational sessions, helped transform students' attitudes towards challenging subjects like Mathematics and Science. The program also utilized continuous feedback to tailor content, focusing on high-scoring areas and providing exam tips and stress-coping techniques

Nena Aruna 24/25 stands as a testament to the power of volunteerism, not only boosting academic achievement but also inspiring students and developing essential skills in the undergraduate tutors, leaving a lasting positive impact on communities.

Grama Prabodhaya

The Grama Prabhodaya initiative, a flagship project under the Community Service Avenue, has once again made a significant impact, this year focusing its comprehensive sustainable development efforts on the Ambanpola and Kirimetiyawa Villages. Addressing crucial challenges like inadequate infrastructure, limited access to technology, and academic and health disparities, Grama Prabhodaya strives to uplift underprivileged communities and enhance their quality of life.

Dedicated volunteers from University of Moratuwa committed two to three days at each school location to ensure the successful implementation of these diverse sub-projects. The entire initiative was proudly supported by Conscient AI as a bronze partner.

Intellect

At Abakolawewa Kanishta Vidyalaya in Ambanpola, the Intellect project provided vital academic support. Students engaged in comprehensive Mathematics and Science seminars, which included in-depth explanations of key concepts, interactive past paper discussions, and engaging IQ games. These sessions were designed not only to boost academic understanding but also to instill confidence and make learning enjoyable for the young minds.

Heta

Also implemented at there, the Heta project focused on leadership development. This program equipped students with essential skills, qualities, and the mindset crucial for effective leadership. Through practical exercises and interactive guidance, Heta aimed to empower the next generation of leaders, preparing them to tackle future challenges with confidence and capability.

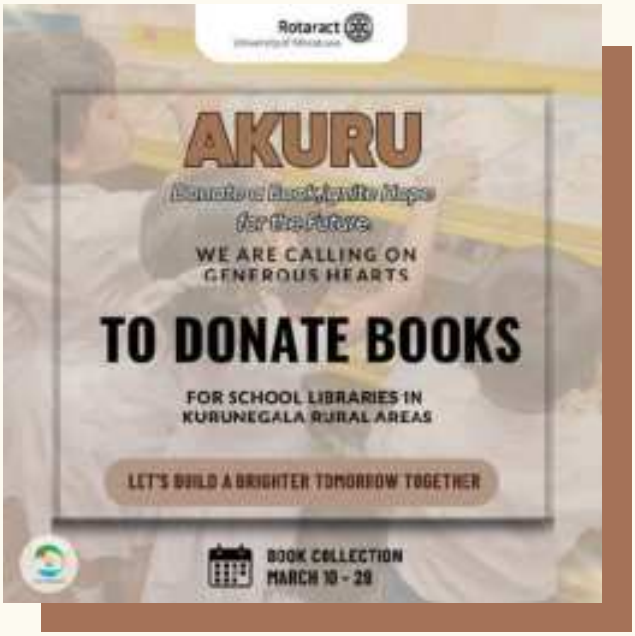

Aqua Safe

The Aqua Safe project, critical for the well-being of the community at Embulgiriya Prathamika Vidyalaya, successfully installed a modern filtration system. This essential improvement now provides clean, pure drinking water to the school children and villagers, directly replacing hardship and health risks with the gift of safe water. Each drop fuels hope, well-being, and a brighter future for the entire community.

Akuru

At K/Embulgiriya Prathamika Vidyalaya, the Akuru project was dedicated to enriching the school library. This involved supplying a wide variety of books and essential resources, many of which were generously collected from undergraduates at the University of Moratuwa. This initiative aims to foster a love for reading and broaden students' knowledge, which is fundamental for their success in school and beyond.

Sihina

The Sihina project, also conducted at K/Embulgiriya Prathamika Vidyalaya, served as a vital Career Guidance Program. It assisted students in navigating the myriad of career options available to them. By providing accurate and up-to-date information, Sihina aimed to guide students towards paths that align with their interests, skills, and long-term goals, empowering them to make informed decisions about their future.

Star Seekers

At K/Embulgiriya Prathamika Vidyalaya, the Star Seekers project organized a captivating astronomy camp specifically designed for school students. This unique camp combined scientific knowledge with fun activities related to the wonders of the universe. Its goal was to introduce students to astronomy, foster a love of learning, and encourage them to pursue exciting careers in science, technology, engineering, and mathematics.

Senehe Yathra

Senehe Yathra, a sub-project of Grama Prabhodaya extended its compassionate reach to Kirimetiyawa Village. This initiative focused on the distribution of essential gift packs to pregnant women and mothers with infants. These packs included vital dry food items, essential baby supplies such as diapers and formula, and crucial items for mothers, providing much-needed support during a critical time for these families.

In conclusion, the Grama Prabhodaya project, through its multifaceted sub-initiatives, has demonstrated a profound and tangible commitment to fostering holistic development across these rural communities.

By addressing a spectrum of needs from education and leadership to health and basic necessities, this initiative has not only provided immediate relief but also laid strong foundations for long-term well-being and sustainable progress, reflecting the powerful impact of dedicated community service.

Sabandi - Connecting The Dots

Rotaract Club of the University of Moratuwa proudly presents "Sabandi 24/25," a heartfelt community service initiative launched in this year. Aptly named "Sabandi," meaning "connection," this project embodies our vision of fostering unity and understanding within Sri Lanka's diverse youth.

Recognizing the divisions often perceived along religious and ethnic lines, "Sabandi" sought to answer a fundamental question: Why do our differences divide us when our humanity binds us together?

This project directly addressed this by bringing together Sinhala, Tamil, Catholic, and Muslim schoolchildren from the Moratuwa area.

Students from Ratmalana Hindu College, Prince Of Wales College-Moratuwa, and Moratuwa Maha Vidyalaya shared a common space, breaking traditional segregation barriers.

Through interactive activities and open dialogue, "Sabandi" fostered friendship, cultural appreciation, and mutual respect among these young minds. The day was further enriched by an engaging workshop on Robotics and the Internet of Things (IoT), inspiring curiosity and collaboration through technology. Supported by passionate undergraduates from the University of Moratuwa's AI Department, students envisioned futuristic robotic innovations to positively impact society.

This initiative stands as a significant step towards building a more inclusive and compassionate Sri Lanka, starting with its youth. "Sabandi 24/25" successfully cultivated values of coexistence, friendship, and a sense of shared humanity, planting seeds of unity for a brighter tomorrow.

Digital Service

DIGITAL SERVICE

Dev{thon} 2.0

A national-level web development competition, successfully empowered over 800 university students across Sri Lanka. Organized collaboratively by the Rotaract Club of University of Moratuwa, along with the Leo Clubs of University of Moratuwa and SLTC, this initiative provided a vital platform for undergraduates to apply theoretical knowledge in a practical, industry-relevant setting.

Spanning several months, the competition featured multiple phases, including idea pitching, a UI Design round, and a Web Implementation round.

Participants benefited from two skill development workshops on UI/UX and Full Stack Development, enhancing their practical capabilities. The journey culminated in a Grand Finale at TRACE Expert City, where 12 finalist teams presented fully functional web applications to industry expert judges, gaining invaluable exposure.

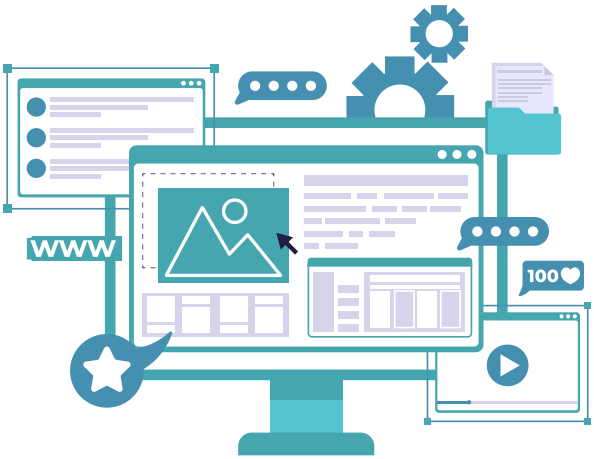

A major highlight of Dev{thon} 2.0 was the awarding of scholarships worth Rs. 32.4 million by esteemed partner JISC eduCLaaS, offering long-term educational opportunities. The project successfully bridged the gap between academic learning and real-world application, fostering innovation and setting a strong foundation for future tech initiatives.

DIGITAL SERVICE

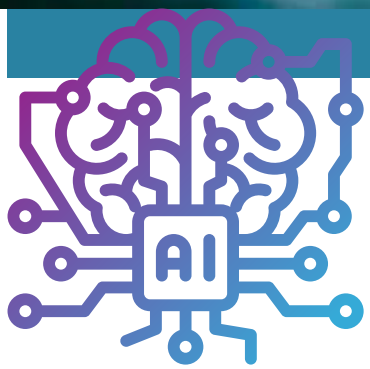

Weekly Tech Byte

Rotaract Club of University of Moratuwa successfully concluded **"Weekly TechByte,"** a long-term digital initiative dedicated to cultivating technological curiosity and awareness. For 36 consecutive weeks, this project consistently delivered visually engaging, bite-sized educational content, making complex tech topics accessible to a broad audience.

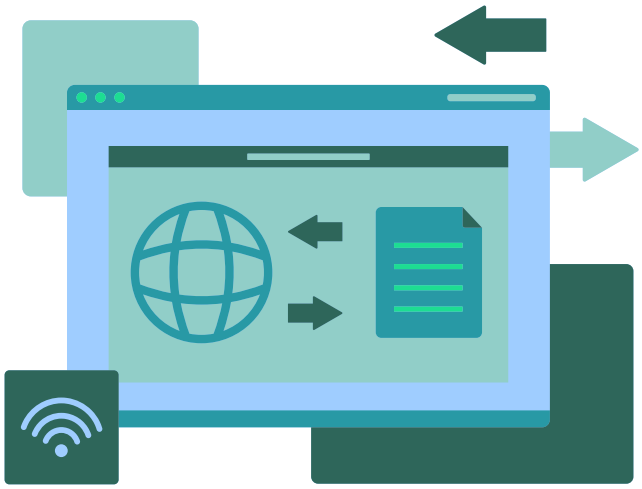

A dedicated team of caption writers and designers collaborated weekly to identify and research cutting-edge topics, including **Quantum Cryptography, Autonomous Vehicles, Artificial Intelligence, 5G Technology**, and **Neuromorphic Computing**. They then crafted accurate, reader-friendly explanations and eye-catching visuals, upholding a remarkable standard of educational consistency and digital communication.

What set "Weekly TechByte" apart was its commitment to accessibility. It wasn't just for tech enthusiasts; it aimed to spark curiosity across all academic backgrounds, bridging the gap between cutting-edge research and public understanding. This empowered readers to keep pace with today's rapidly evolving tech revolution without feeling overwhelmed.

Beyond its educational impact, the initiative significantly enhanced the Rotaract Club's online visibility and reputation.

It also fostered valuable skill development among team members in technical writing, visual communication, digital literacy, and project management, solidifying "Weekly TechByte" as a signature knowledge-sharing series and a model for future tech outreach.

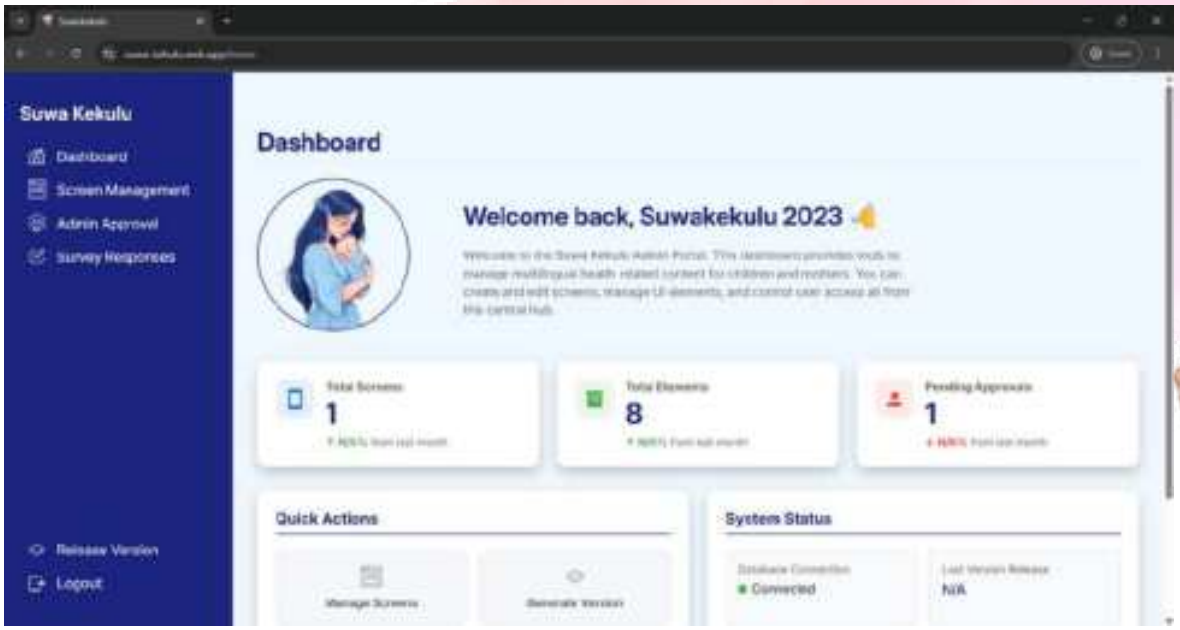

DIGITAL SERVICE

Suwa Kekulu

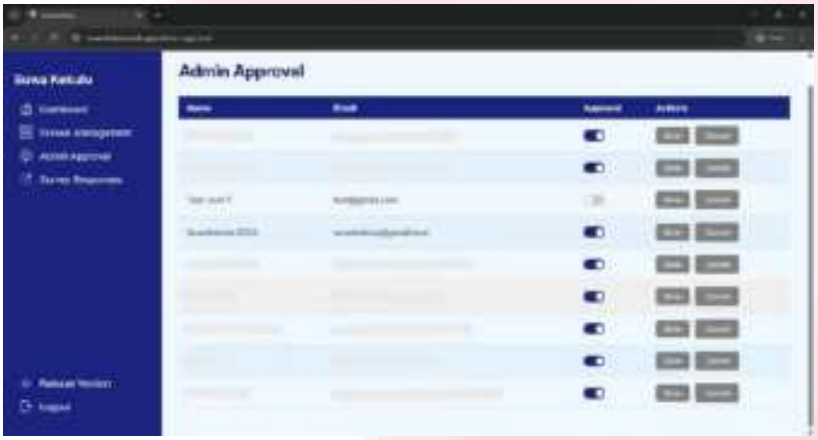

The enhancement of the **Suwa Kekulu mobile application** marks a significant leap in digital healthcare for mothers and children in Sri Lanka. This collaborative project by **Rotaract Club of University of Moratuwa** and **Rotaract Club of Faculty of Medicine, University of Colombo**, combined technical innovation with vital health education.

The project modernized the existing app, focusing on improved **multilingual support** (Sinhala, Tamil, English), enhanced user experience, and dynamic content delivery. A key achievement was the development of a versatile **admin panel**. This panel empowers administrators to update content in real-time, create new app screens with various components, and manage surveys, ensuring the app remains current and responsive to user needs.

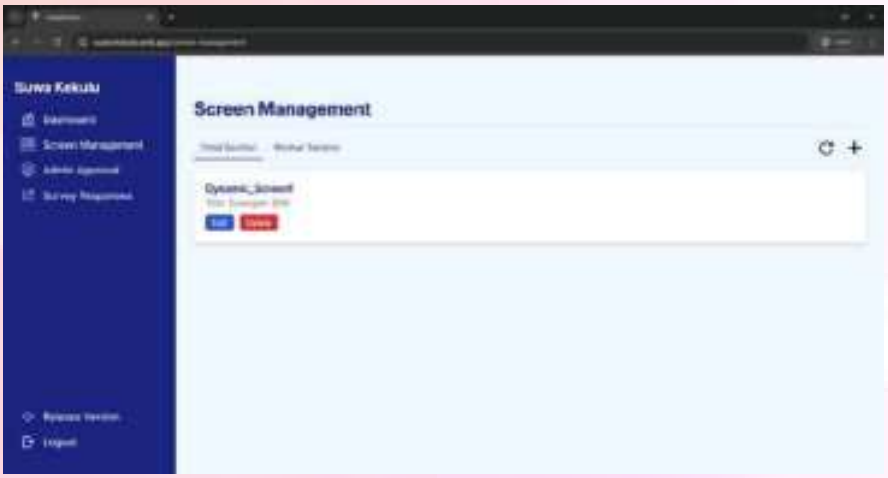

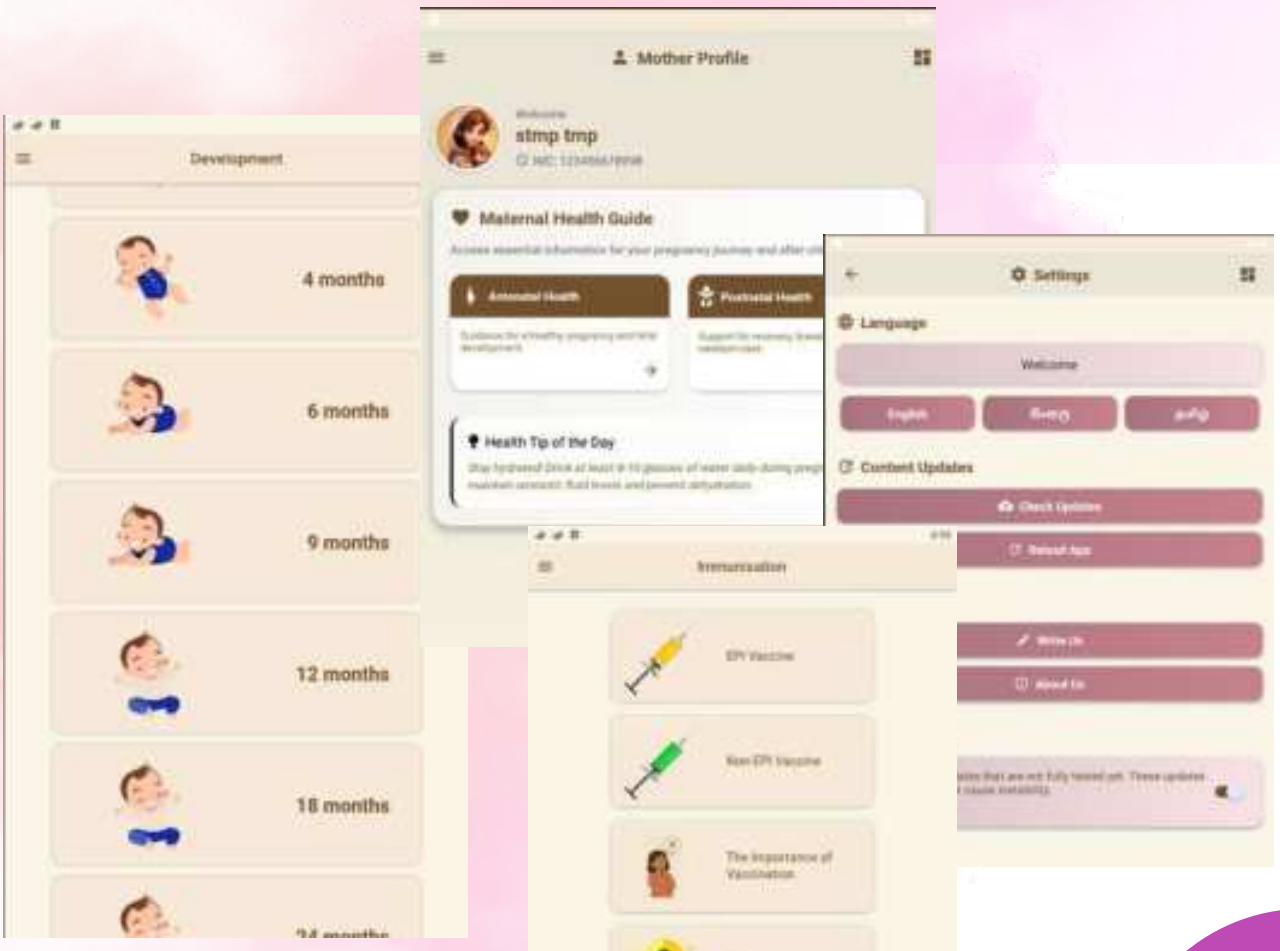

On the user side, the redesigned app now offers a smoother experience with new features like Google OAuth login, **daily health tips**, maternal care sections, interactive quizzes, and a "Write to Us" screen. These upgrades make Suwa Kekulu more engaging, accessible, and inclusive.

Built with scalable and cost-effective technologies, the enhanced Suwa Kekulu app is now a sustainable, impactful digital tool poised for future growth, significantly improving maternal and child health across Sri Lanka.

ENVIRONMENTAL SERVICE

Be a part of the solution. Take a stand for our planet and inspire positive change in your community. Together, we can make a difference!

ENVIRONMENTAL SERVICE

Haritha Siripa

"Haritha Siripa" was a truly collaborative initiative that united Rotaract Clubs of the University of Kelaniya, University of Moratuwa, and Uva Wellassa University Badulla. Its dual purpose was to tackle the escalating waste challenge at the sacred Adam's Peak and to cultivate strong bonds among members from these diverse universities. This inter-university partnership aimed to strengthen the network of future Rotaract leaders through shared service and collective action.

The journey began with teams from all three universities converging at Adam's Peak and commencing their overnight pilgrimage from the Hatton route. Despite persistent rain, their determination shone through, fostering fellowship through shared moments like a heartwarming Dansala meal. Facing growing crowds, the team strategically switched to the quieter Rathnapura trail, reaching the summit region by early dawn, where they paused to reflect on their spiritual endeavor.

Following a brief rest, the environmental action phase commenced. Divided into teams, participants enthusiastically cleaned the Hatton trail down to the Seetha Gangula area, responsibly handing over collected waste to local authorities.

The success of "Haritha Siripa" was significantly amplified by this powerful inter-university collaboration, showcasing the immense potential of collective action in preserving Sri Lanka's natural and cultural heritage. The project not only achieved its environmental goals but also forged enduring bonds through shared purpose.

ENVIRONMENTAL SERVICE

Zooxanthellae

Rotaract Club of University of Moratuwa embarked on an unforgettable journey in mid-February with 'Zooxanthellae', a dedicated coral transplanting project. This initiative aimed to revive Sri Lan

The project began with rigorous weekend training sessions led by the Marine Environment Protection Authority (MEPA). Participants practiced snorkeling in Weligama and advanced to open-water diving in Mirissa, building essential underwater skills.

In April 2025, the main project launched in two crucial phases. The first involved the intensive two-day process of depositing 10 large boulders onto the seabed at Mirissa, creating new foundations for corals. Following this, the exciting second phase saw participants, including four divers, carefully transplant healthy coral fragments onto these boulders using marine-safe adhesive. Witnessing these tiny corals anchor into their new homes brought a deep sense of satisfaction and hope to the team.

The success of Zooxanthellae was a testament to strong teamwork, supported by MEPA experts, project directors, coordinators, and sponsor ATG Group. Participants gained invaluable diving skills and a profound appreciation for marine life, highlighting the project's lasting impact on both the environment and those involved.This impactful project was proudly awarded the UGRAM Award under the category for inspiring Rotaract projects of South Asia!

Green Pulse

Rotaract Club of the University of Moratuwa, in collaboration with Interact Club of Ananda College, recently launched **"Green Pulse,"** a vital collection of awareness sessions dedicated to fostering environmental conservation and sustainable practices. This project aimed to educate diverse audiences on pressing ecological issues, empowering them to become active stewards of our planet.

The initiative began with an impactful online awareness session focused on ocean conservation. This crucial webinar was conducted in collaboration with the renowned international environmental organization, 'Greenpeace'. Participants gained valuable insights into the threats facing marine ecosystems and learned about actionable steps for protecting our oceans, demonstrating the power of digital platforms in spreading global awareness.

Building on this, "Green Pulse" extended its reach into the community with a physical awareness session on waste management. This event was held at Rathmalana Kandawala Maha Vidyalaya and was a collaborative effort with 'Parley,' an organization dedicated to sustainability.

During the session, 'Parley' generously donated a bin to the school specifically for collecting plastic bottles. This thoughtful initiative provides the school with an opportunity to earn money based on the weight of the plastic collected during the recycling process, fostering a sustainable waste management habit among students.

"Green Pulse" truly exemplifies the Rotaract Club's commitment to environmental sustainability, delivering impactful awareness and practical solutions for a greener future.

INTERNATIONAL

SERVICE

RMMUN '25

Rotaract Mora Model United Nations (RMMUN), a flagship initiative by **Rotaract Club of University of Moratuwa**, redefines the traditional Model UN framework. RMMUN goes beyond mere debate, empowering youth to translate discussions on pressing global issues into impactful, real-world initiatives, fostering a new generation of informed and driven leaders.

UN Days

RMMUN's commitment to global citizenship begins with its multi-phase UN Days project. This initiative involves creating and sharing engaging flyers and a blog series to raise awareness about various United Nations International Days.

These observances highlight critical global issues such as human rights, peace, environmental conservation, and social justice. The flyers offer concise information, while the blog posts delve deeper, discussing the significance, objectives, and actionable steps individuals can take to contribute to global causes. For example, Phase 1 focused on days like World Youth Day and International Day of Peace, while Phase 2 highlighted Zero Discrimination Day, International Women's Day, and World Health Day, promoting empathy, gender equality, and health equity.

SLRMUN Conference

The **Sri Lanka Rotaract Model United Nations (SLRMUN) 2025 conference** cemented its reputation as one of Sri Lanka's most prestigious Model UN events. Held physically on February 22, 2025, it brought together over 100 delegates from universities, schools, and independent backgrounds.

What truly distinguishes SLRMUN is its **actionable nature**: ideas discussed are actively translated into meaningful Rotaract projects. The conference fostered leadership, diplomacy, and communication skills through simulations of four UN committees—UN Security Council, UN Commission on the Status of Women, UN Environment Programme, and UN General Assembly Fourth Committee—addressing global challenges like peacekeeping, gender-based violence, marine conservation, and civil conflict. Prior workshops ensured delegates were well-prepared for the day's meticulous schedule of speeches, caucuses, and resolution debates.

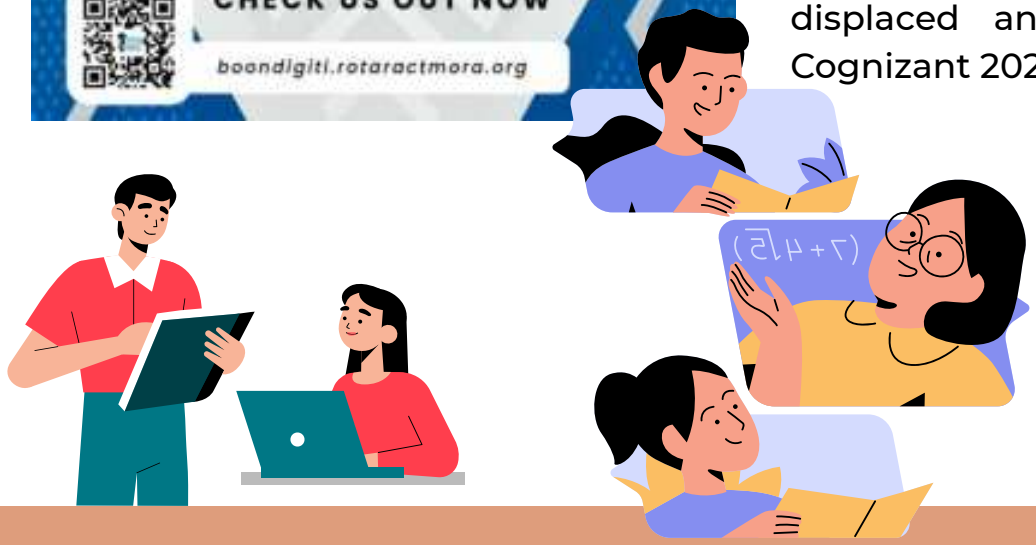

Cognizant

The heart of RMMUN's unique philosophy is **Cognizant,** its flagship implementation arm. Cognizant ensures that youth-led dialogue drives tangible change in communities. Following discussions at SLRMUN 2025, particularly from the UNCSW's focus on displaced and underserved women, Cognizant 2025 revitalized **Boondigiti.**

This online learning platform provides essential digital skills, previously overlooked in formal education, to university undergraduates and marginalized groups. New self-paced courses cover CV writing, LinkedIn optimization, Microsoft Office, cybersecurity, and basic computer literacy. By expanding Boondigiti's reach and depth, Cognizant exemplifies RMMUN's commitment to translating conference hall ideals into accessible, impactful opportunities for real people.

MEMBERSHIP DEVELOPMENT

3rd Induction Ceremony

Rotaract Club of University of Moratuwa proudly hosted its 3rd Induction Ceremony for the RI Year 2024-25 on May 21st, 2025, at ENTC Hall 01. This significant event marked a new chapter for 23 dedicated undergraduates, formally welcoming them into the Rotaract family and celebrating the ongoing contributions of its members.

The evening commenced with the symbolic lighting of the oil lamp, embodying enlightenment and the spirit of service. The ceremony was graced by the presence of an esteemed guest of honor, whose participation underscored the importance of the occasion. The welcome address was warmly delivered by Maryam Mubarak, a co-chairperson of the event, who extended heartfelt gratitude to all attendees, setting a welcoming tone for the evening's proceedings. Following this, one of the newly inducted members shared their aspirations, reflecting the enthusiasm of the newest Rotaractors.

A key highlight of the ceremony was the formal presentation of certificates to the 23 newly inducted members, acknowledging their commitment to service. Rtr. Hiruni Praveesha, the President of Rotaract Mora, then delivered a thought-provoking address, outlining the club's achievements and its inspiring vision for the remainder of the year. Further recognizing dedication, certificates of appreciation and service recognition were also distributed by the club's leadership to other contributing members.

The ceremony concluded with a vote of thanks delivered by Rtr. Brinston Peries, expressing gratitude to the organizing committee, the guest of honor, and all who supported the event. The 3rd Induction Ceremony was a resounding success, beautifully reinforcing the spirit of fellowship, leadership, and service that defines the Rotaract Club of University of Moratuwa.

Premio Formalita

Rotaract Club of University of Moratuwa proudly hosted its annual awards ceremony, 'Premio Formalita '25,' on May 29th, 2025, at ENTC Hall 01. This eagerly anticipated event served as a heartfelt occasion to appreciate the unwavering dedication and tireless efforts of the club's Rotaractors and Board members throughout the past year.

The evening was dedicated to recognizing the invaluable contributions that have driven the club's numerous successful initiatives. Acknowledging their leadership and commitment, tokens of appreciation were presented to the Board of Directors, the President, and the Secretary, recognizing their pivotal roles.

Furthermore, Dr. Ranga Rodrigo, the esteemed Rotaract Staff Adviser and Senior Treasurer, was also honored with a token of appreciation for his incredible and continuous support to the club.

Rotaractors who demonstrated consistent involvement and active participation in the club's diverse projects throughout the year were honored with the prestigious Active Member Award. Those who showcased immense dedication and exceptional work, truly embodying the club's ethos of service, were awarded the esteemed Spirit of Service Award.

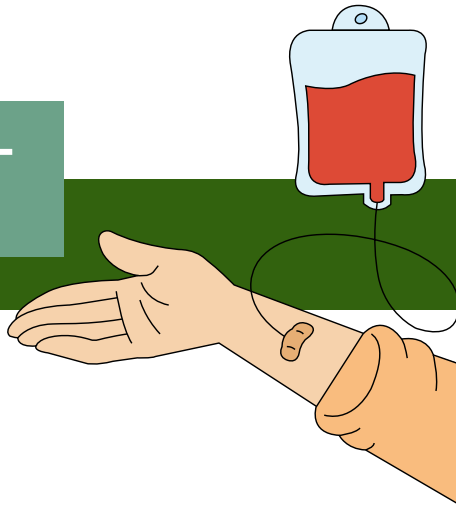

A highlight of the evening was the inspiring speech delivered by the club's esteemed Rotaract Staff Adviser and Senior Treasurer, Dr. Ranga Rodrigo. His words resonated deeply with everyone present, motivating them to continue their impactful work.

The ceremony concluded on a high note, with all attendees enjoying refreshments and celebrating the year's achievements. The atmosphere throughout the evening was one of profound gratitude, leaving everyone in a happy and delighted mood, reflecting on a year of meaningful service and camaraderie.

MEMBERSHIP DEVELOPMENT

Suwapetha

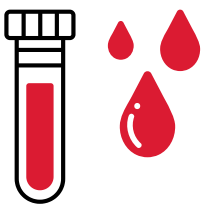

The Rotaract Club of the University of Moratuwa successfully conducted Suwapetha 2025, its annual blood donation campaign, on April 24th at the Old Gymnasium. Organized in collaboration with the Central Blood Bank, Narahenpita, the initiative was led by Rtr. Sanduni Wijenayaka, Rtr. Senara Devasurendra, and Rtr. Ulindu Mallawaarachchi under the Membership Development Avenue. The campaign aimed to address the ongoing national blood shortage by encouraging undergraduates to donate blood and contribute to saving lives.

More than 60 donors participated in the drive, many of whom were first-time donors. The event was carefully planned to provide a safe and comfortable environment, with clear guidance on the donation process and emphasis on health and safety protocols.

To keep the momentum going, the team launched a “Did You Know?” social media campaign that shared important facts and addressed common misconceptions about blood donation. On-site materials and direct communication helped build trust and confidence among potential donors, making the experience welcoming and reassuring.

Suwapetha 2025 not only supported the national blood bank but also fostered a spirit of empathy and social responsibility within the university community.

The campaign stands as a testament to the dedication and passion of the Rotaractors and volunteers who worked tirelessly to make the event a success. Looking ahead, the project aims to expand its reach and impact, continuing to inspire more young people to become life-saving donors.

Rota Spark ‘25

Rotaract Club of University of Moratuwa proudly launched "Rota Spark '25" in December 2024, its official orientation program designed to welcome and integrate the incoming Batch 24 undergraduates.

Under the dynamic leadership of chairpersons Rtr. Unduli Senadheera, Rtr. Dinura Jayawardana, Rtr. Himashi Rathnayaka, Rtr. Rashmika Madaela, and Rtr. Nethmi De Silva, the program aimed to comprehensively introduce new members to the club's profound service to the University, the broader Community, and its fellow Undergraduates.

Embracing the captivating theme of 'Avengers: End Game',' Rota Spark '25 divided the Batch 24 undergraduates into four distinct teams, fostering early camaraderie and collaboration.

Team leaders were strategically selected from within these new teams, empowering emerging leaders, while Batch 23 members stepped into crucial roles as team coordinators, guiding their respective groups. The program incorporated a series of engaging challenges, including three main competitions: a Flyer Designing Competition, a Video Editing Competition, and a Creative Writing Competition. These were complemented by weekly puzzles and other interactive activities designed to keep participants engaged and encourage skill development.

The culmination of the program was a vibrant event day in April 2025, attended by about 70 undergraduates from Batch 24. The day commenced with avenue directors providing insightful explanations about their respective avenues, offering a deeper understanding of Rotaract's diverse facets.

The atmosphere was further energized by a variety of fun games and the implementation of a thrilling wild card round, allowing teams additional chances to earn points. Throughout the day, teams diligently collected points from all games and competitions, with the leaderboard prominently announced at the conclusion of the event day. The suspense for the ultimate winner was then carried forward, with the final champion declared following the 'Cast 4' event, where 'Avengers' was ultimately crowned victorious.

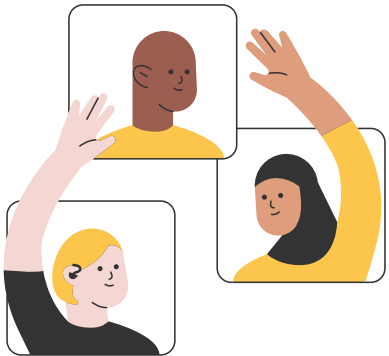

"Rota Spark '25" successfully ignited the spirit of service and fellowship among the newest generation of Rotaractors, preparing them to embark on their impactful journey with Rotaract Mora.

Professional

Development

PROFESSIONAL DEVELOPMENT

MENT HER

Recognizing persistent gender-based discrimination in the professional world, particularly in STEM and finance, **Rotaract Club of University of Moratuwa** launched **'MentHer'**. This initiative empowers young female undergraduates at **University of Moratuwa** to overcome career hurdles and shatter the glass ceiling.

Aligned with several **Sustainable Development Goals (SDGs)**, MentHer embodies the powerful concept of "Women Supporting Women." It connects aspiring female undergraduates with prominent female experts in the corporate sector through a series of mentoring sessions. This unique platform allows mentees to learn from successful professionals who have navigated similar career paths.

The program targeted first- and second-year undergraduates, preparing them for corporate expectations. Applications were collected through a Google form with insightful questions designed to encourage self-reflection on their goals and capabilities.

Fifty successful applicants were divided into three groups, each guided by an active lady Rotaractor and spearheaded by an accomplished female industry professional. Mentors were carefully selected from diverse fields relevant to the university's faculties, including engineering, IT, and architecture, and prioritized those with experience in Sri Lankan state universities. This ensured mentees received tailored guidance from mentors familiar with their academic background, fostering a more relatable and impactful mentorship experience. MentHer aims to cultivate leading-edge skills and promote a healthy work-life balance, enabling young women to thrive in their future careers.

Agora Link

Rotaract Club of University of Moratuwa's Professional Development Avenue concluded **"Agora Link,"** a project dedicated to showcasing the entrepreneurial spirit of university students. This initiative highlighted individuals balancing academic commitments with successful small businesses or entrepreneurial ventures.

"Agora Link" brought these inspiring stories to light through various engaging formats. Two student entrepreneurs were featured in compelling video interviews, while another's journey was shared as a captivating written article.

These features powerfully demonstrated how young minds are effectively applying their academic learning to real-world challenges, serving as a strong encouragement for other students to explore their own entrepreneurial potentia

Project Transform

Rotaract Club of University of Moratuwa has launched **"Project Transform,"** a bold national initiative in collaboration with the **Sri Lanka National Commission for UNESCO** and the YKG Foundation. Aiming to embed 21st Century Skills into the K–12 curriculum, this project seeks to prepare students for a globalized world, aligning with Sri Lanka's vision to reach first-world status by 2048.

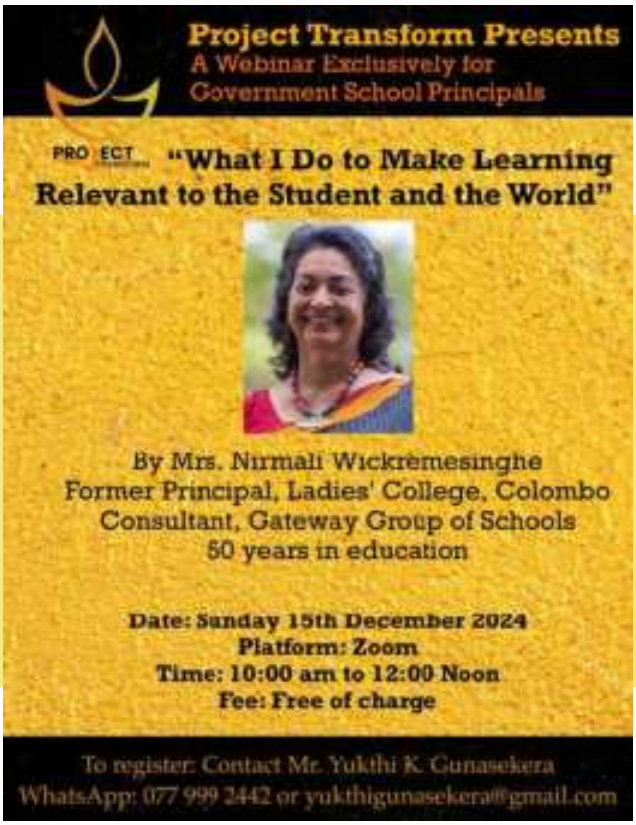

A core component, the Principals Leadership Program (PLP), provides online webinars for government school principals across all 25 districts.

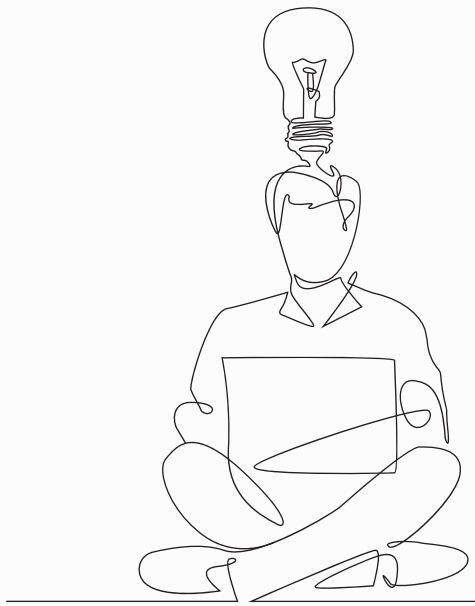

Sessions, featuring experts like Mr. Yukthi Gunasekara, Mr. Gamini Gunawardana, and Mrs. Nirmali Wickremesinghe, focus on leadership, strategic management, and integrating innovative educational frameworks.

Concurrently, the **Skills for Life (SFL)** program fosters critical thinking, communication, and collaboration among students. This is supported by instructional videos from Mr. Yukthi Gunasekara and a newly launched website (May 2025), which serves as a central hub for video lessons and downloadable resources. Initial meetings with schools like Devi Balika Vidyalaya have commenced for implementation and a "Train-the-Trainer" model.

"Project Transform" stands as a pioneering effort to equip both educators and students, fostering systemic change for a future-ready generation.

PROFESSIONAL DEVELOPMENT

SkillXcelerator

The SkillXcelerator project, a collaborative effort by a consortium of Rotaract Clubs, has successfully equipped young Sri Lankan professionals and students with essential skills.

This free initiative generated significant excitement and participation, addressing crucial areas for career advancement.

Phase 1 took place on March 8th at the Faculty of Arts, University of Colombo. It featured insightful sessions on business management, journalism, and software engineering, led by experts like Ishani Mirihagalla, Maas Savanghan, Dilmini de Silva, Senitha Senanayake, and Isuru Jayakody. Legal discussions were led by Janithri Pandithrathne and team, while Sandani Jayawardane and Lahiru Ariyasinghe delved into AI and analytics. Rangika Perera conducted a project management workshop, and Chiranthi Senanayake explored international relations and human rights, inspiring attendees.

Building on this success, Phase 2 was held on April 26th at the University of Peradeniya, drawing over 100 registrations and benefiting 60 active participants.

This phase focused on Business Analytics, led by Malsha Mayadunne and Ramesh Peries; Software Engineering, with insights from Madhushan Adhikari; and Business Management, guided by Sasanka De Zoysa.

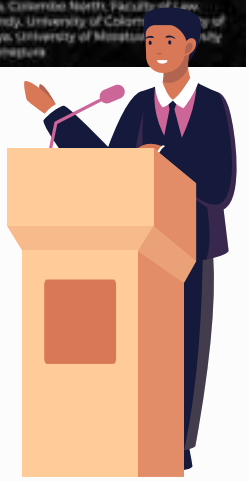

Ultimately, Project SkillXcelerator's two phases provided invaluable, free skill-enhancing sessions, significantly empowering Sri Lankan youth for their professional journeys.

SPORTS

Mora Rugby Carnival

The Mora Rugby Carnival 2025 emerged as a landmark sporting initiative organized by the Sports Avenue of Rotaract Club of University of Moratuwa in collaboration with the University Rugby Team. Aiming to promote physical fitness, team spirit, and student engagement, the event also functioned as a fundraising effort for the development of the university's rugby team.

Initially planned as a three-day event from March 20th to 22nd with a food festival, the carnival faced postponement due to university restrictions. Nevertheless, the dedicated organizing team restructured the event into two phases: the Intra-University Tournament on April 24th and the Open Category Tournament on May 4th, both held at the University Grounds.

Central to the event's inclusivity was the adoption of tag rugby—a non-contact format that encouraged participation from all undergraduates, regardless of gender or prior experience. On April 24th, over 100 students across 12 teams competed in a series of exhilarating matches. The ground buzzed with music, live commentary, and crowd cheers as teams showcased athleticism and camaraderie. The champions and runners-up were awarded Rs. 40,000 and Rs. 20,000 respectively, along with medals and certificates.

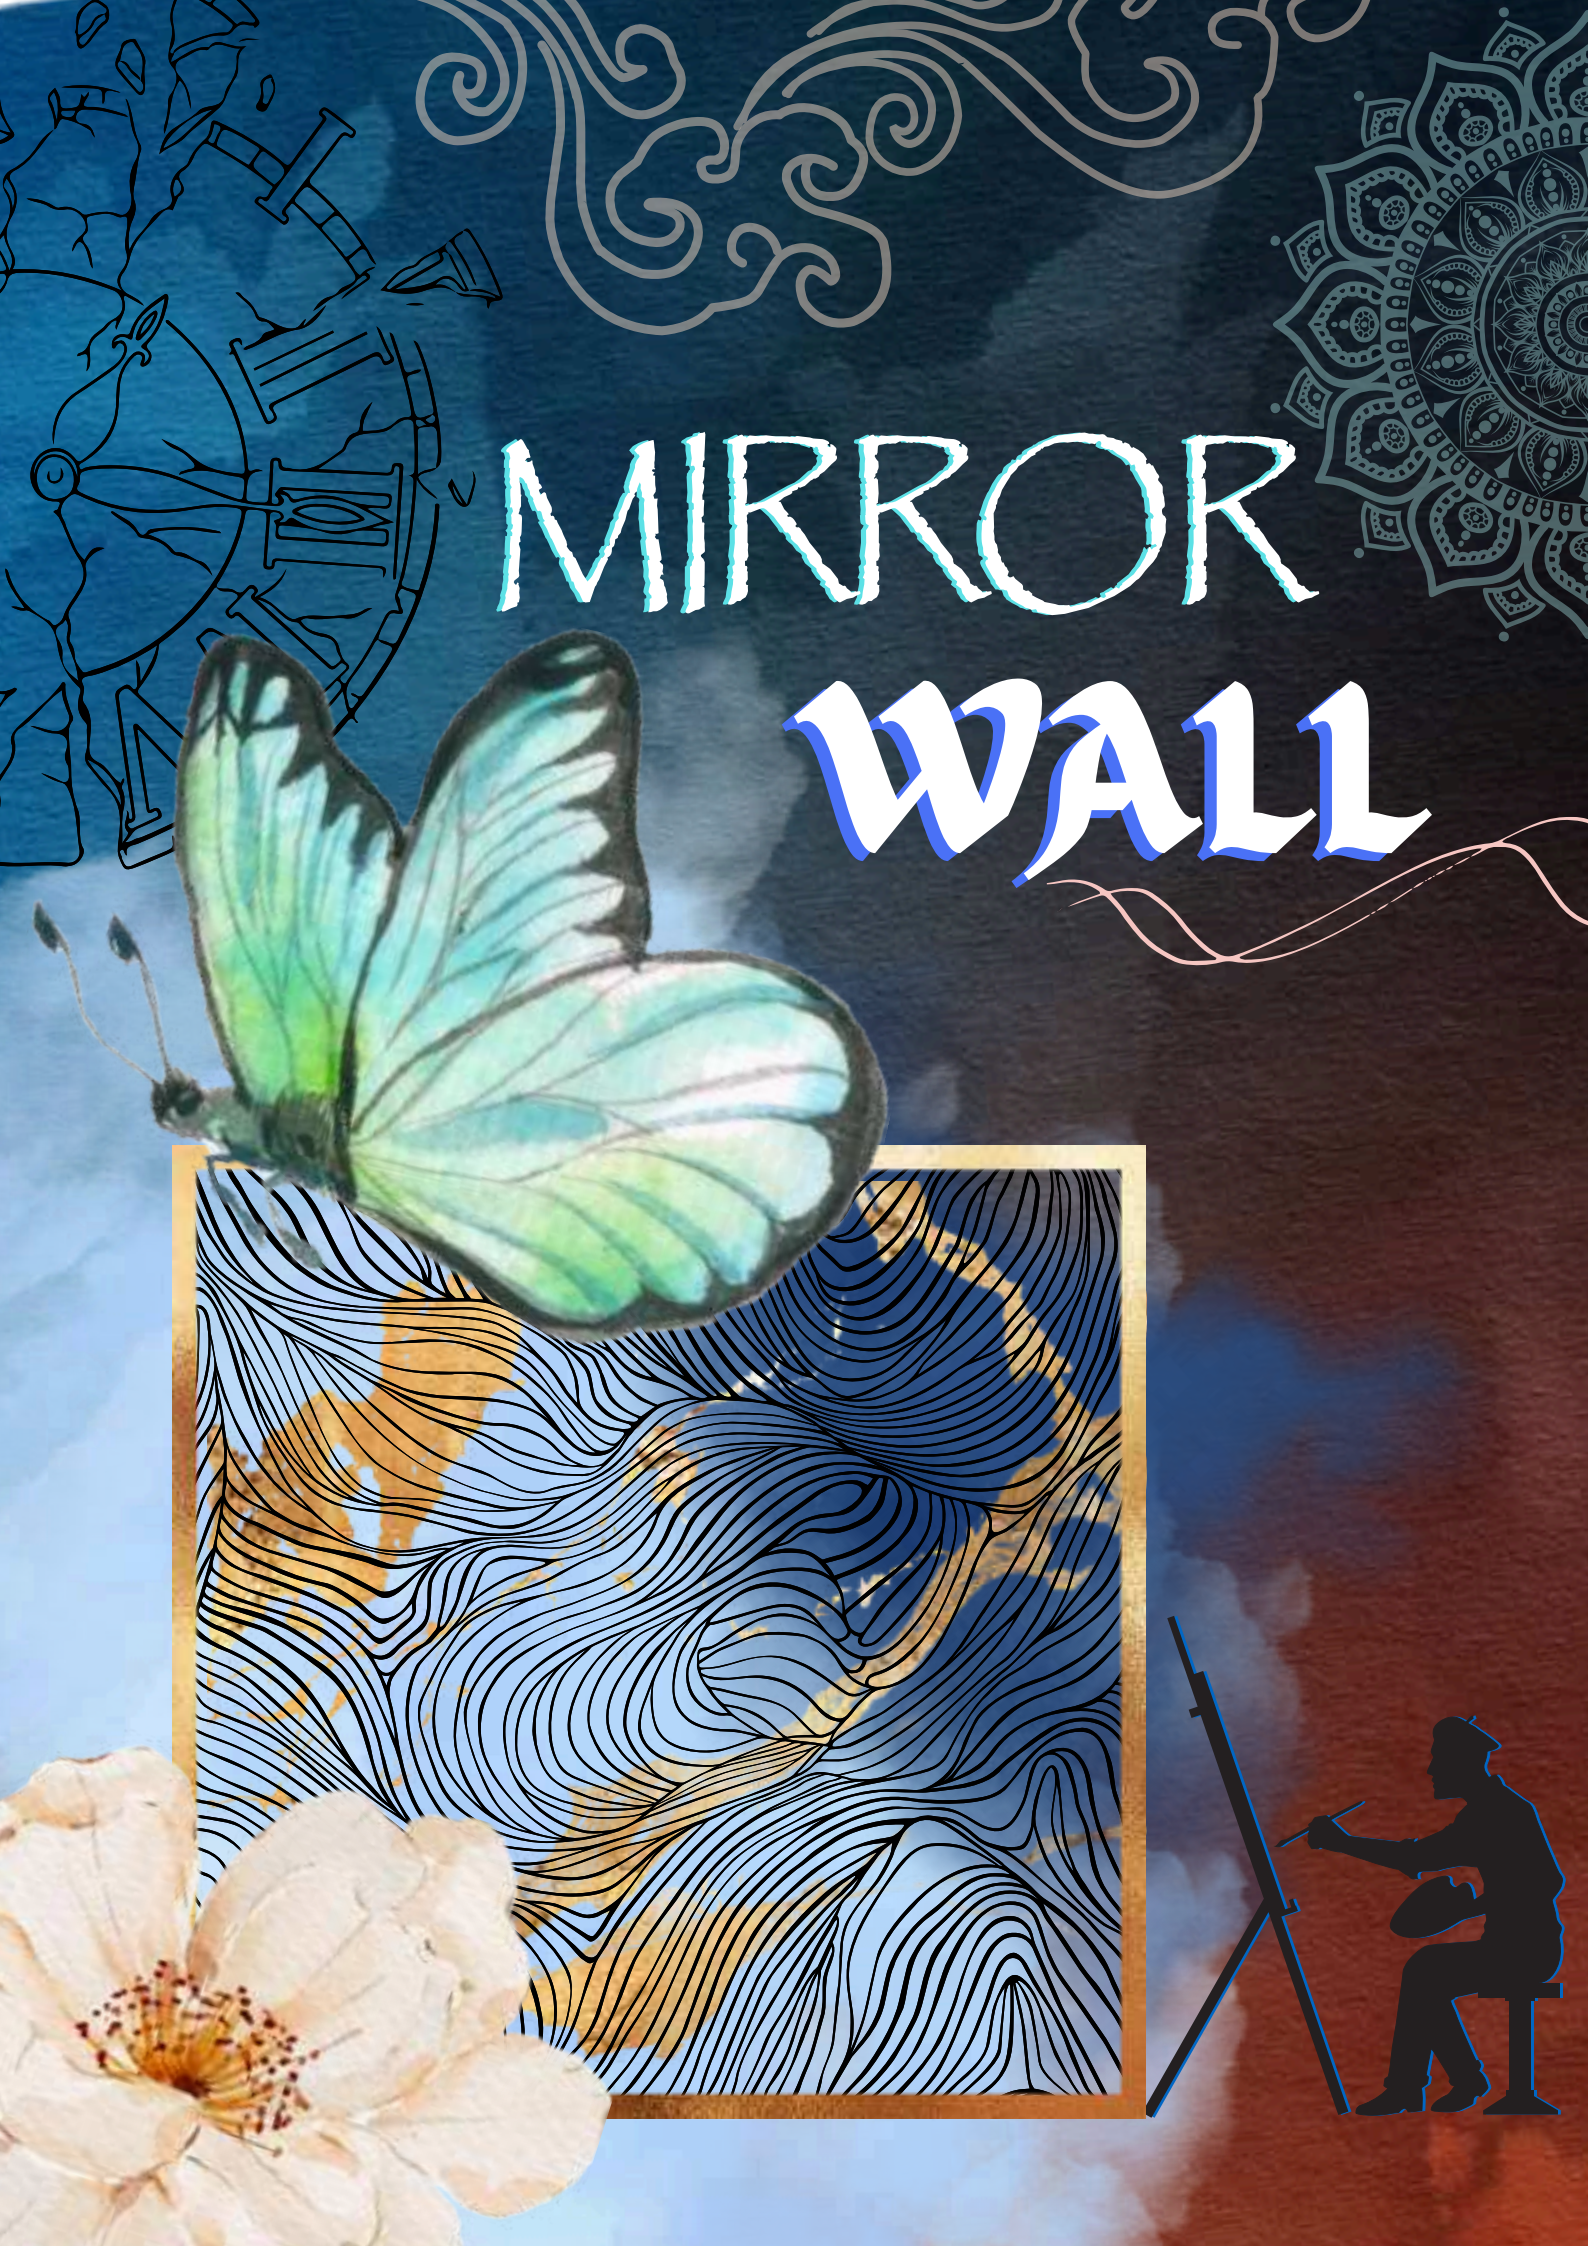

The second phase welcomed teams from external institutions, grouped into four pools. With competitive matches and lively support from spectators, the event gained further prestige with the presence of Chief Guest Mr. Luxman Wijesuriya, Acting Director of Physical Education at the university. Once again, the top teams were rewarded for their outstanding performance.

Sponsors Yenesha Travels, DIMO, and Agoal Rugby played a vital role in the success of the event, demonstrating the impact of strong partnerships between student initiatives and industry support.

The Mora Rugby Carnival 2025 was more than a sports event—it was a celebration of unity, enthusiasm, and student spirit. From its grassroots planning to the final whistle, the carnival created lasting memories, built confidence, and inspired future possibilities. With sights set on expansion in the coming years, this event has laid the foundation for a lasting sporting legacy at the University of Moratuwa

Epistrofi : To Return to Where I Was

90° and the world tilts,
A slanted view, something shifts,
A walk on the road, street lights change,
A glance that lingers, her serene image.

A rhythmic world, an endless chain,
Her hand picks a clover, the leaves fly astray,
She steps out of line, it's not in vain,
A ripple of wonder, she walks her own way.

180° and the world tilts again,
Perspectives changed, broken patterns that are plain,
Hands smearing makeup, she feels quite blue,
Mirrors reflecting the future, bare and true.

The park to the South, Willow trees surround,
Whisper the unexpected, stories of battleground,
Memories erased, history forgotten,
Her conscience is clear, heart no longer rotten.

270° and the world tilts once more,
A trail that leads to an unseen shore,
Uncharted skies, pen scribbles across pages,
Paradise found, once lost over ages.

It's difference that dances, that dares to defy,
It's the flower that blossoms in the dead of the night,
To be a passionate soul, to stand apart,
For sameness is silence, unlike echoes, a beating heart.

360°, where it began - the want for fame,
The world returns, but it's never the same,
Out of the ordinary, life truly begins,
The rain smiles, and the wilderness wins.

Expectations, her foe, away from which she ran,
Came chasing around, but it's not in her plan,
Dreams unfold, a dare to change it all,
An act of revolution, she's becoming more.

To return to where she was,
but no longer who she used to be.

STILL

Miss me?”

I freaking do. Every time someone mentions your name, my heart drops.
I’m still sugarcoating the fact that you were the best.
Trying my best to believe nothing bad happened between us.
Still defending your name, getting flashbacks, even panic attacks.

“No.”
“Did you really love me?”

You wouldn’t even need to ask, if you looked into my eyes.

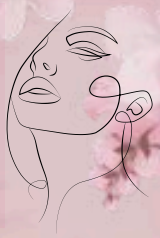

I did. Wholeheartedly.
Even though I knew it wouldn’t last.
I let you have all the control over me.
I let you tear me into millions of pieces.
I let you break me in every possible way.
I stayed, even though I knew it would ruin my peace.
I stayed, knowing how toxic you are to me,
how dramatic you are,
while all I was looking for was peace.

Do you know what I hate the most?

After everything, I STILL LOVE YOU.

“Not really”

Love Actually

They say,
"Why look at the stars when the moon is right beside you?"

I was the moon.
Full, burning, bleeding light just for you.
But you,
you were too busy chasing shadows,
fantasies made of smoke and lies.

So tell me
what does it take?
To be noticed.
To be loved.
To be enough.
To be the reason someone stays.

Because I tried it all
the soft,
the fierce,
the desperate,
even the unforgivable.

And that's when I knew,
"You" was never me.
"You" were always your own obsession.

But now?
Now it's my turn.
Not to love.
Not to wait.
Not to bleed

Fallen Angel

DOES SHE REBELLED
AGAINST THE GOD
TO BE FALLEN
FROM THE HEAVEN
DOES SHE HAS EVIL SPIRITS...
OR IS SHE A
DEMON...

WHEN SHE SAYS
SHE'S A FALLEN ANGEL
JUST A ONE THING
CAME TO MY MIND
SHE WOULD BE MORE PRETTIER
TO BE AN ANGEL
OR MORE KIND
TO BE AN ANGEL
THAT'S WHY SHE HAS SENT HERE
TO BE A PRINCESS
WHO'S KIND ENOUGH TO HEAL
WITH MAGICAL
STRINGS AND A VOICE

"FALLEN ANGEL"
THEY SAY IT'S JUST A BELIEF,
BUT FOR ME
IT'S THE TRUTH I KNOW...

BECAUSE I'VE SEEN ONE.
IN A LONG FLOWING BLACK DRESS
AS GLOWING AS THE EYES
BUT THE POINT...

I'VE SEEN ONE.....
